

CONCRETE

SLANE

Smooth face-mix product to create an enhanced surface finish.

A design classic, Slane will never go out of fashion. Its popularity lies in its ease of installation, large choice of colours and in its shape, which allows different patterns to be created. It is these patterns that provide interlocking strength and durability.

Slane Features:

- Concrete Block Paving
- Can be laid in herringbone, stretcher bond and basketweave pattern depending on intended use
- Suitable for use on patios, paths, domestic driveways and commercial applications
- Various depth options available for different traffic loadings
- Standard Smooth finish
- Machine Lay version available
- Face-mix product to create an enhanced surface finish and better durability
