

Extasi is an urban element made from concrete with a triangular shape and rounded edges. Despite being designed for installation outdoor, it projects the warmth of an indoor area.

Concrete |  165 cm |  1420 kg |  5

 Update 14.01.2019

EXTASI

Arriola & Fiol, arquitectes 2006

Escofet®

Origin

This element belongs to the collection of “New benches for the Gran Via in Barcelona” represented by *Extasi*, *Boomerang*, *Puff*, *Cargol* and *Desert*. Each of these elements has a singular geometry, and their shapes and dimensions evoke different situations. *Puff* and *Extasi* evoke the privacy of the home, *Boomerang* reminds us of flying objects, while *Cargol* elicits the world of animals and *Desert* the universe of minerals. Each of them stimulate the imagination and awaken the senses in their own way.

Material

Non-reinforced dry-mix concrete with a stripped finish, in the *Escofet* catalogue standard chart colours.

Installation

Both models are designed to rest on the paving, compacted sand or lawn.
