# Traffic Safety Flags

## Wave Reflex 150x300 | 70mm Thick

The Wave Reflex is the perfect solution to delineating between a cycleway and footway at the same level. The textured ribbed surface provides strong tactile feedback to both those walking & wheeling whilst allowing drainage to flow between the ribs and vehicles to cross at access points.

### SPECIFICATION

#### Traffic Safety Flags | Wave Reflex 150x300 | 70mm Thick

SKU: KEL-FLA-TSA-002
